linkedin.com/in/harish-sharma|github.com/Sharmahari9589

Detail-oriented Node.js Developer with a strong foundation in web technologies including HTML, CSS, and JavaScript. Experienced in building scalable applications using frameworks like Node.js, Express.js, and React.js. Proficient in version control with Git and knowledgeable in AWS cloud services and deployment processes. Committed to delivering innovative solutions and enhancing user experiences in a collaborative environment.

Skills

* **Web Technologies**: HTML, CSS, JavaScript
* **Frameworks Libraries**: Node.js, Express.js, React.js
* **Version Control**: Git
* **Cloud Services**: AWS
* **Databases**: MongoDB, MySQL
* **Deployment**: Knowledge of deployment processes and best practices

Education

shaheed bhagat singh college, Jaora,BSC Biotech	Sept 2014 – May 2017
J.N.V Ratlam,Higher Secondary Certificate (12th Grade, CBSE Board))	Jul 2013 – Mar2014
J.N.V Ratlam,Secondary School Certificate (10th Grade, CBSE Board))	Jul 2011 – Mar2012

Work Experience

MERN stack developer, IT Spark Technology– Indore, MP   April 2023 – Present

– Developed and maintained scalable web applications using Node.js and Express.js, improving load times.
– Collaborated with front-end developers to integrate RESTful APIs, enhancing user experience.
– Implemented AWS services for deployment, resulting in a reduction in server costs.

MERN stack Intern, IT Spark Technology– Indore,MP   JAN 2023 – MAR 2023

– Developed dynamic web applications using MongoDB, Express.js, React.js, and Node.js, enhancing functionality and user experience.
– Collaborated with the development team to design and implement RESTful APIs, improving data retrieval efficiency.

Certifications

AWS Certified Solutions Architect – Associate: Amazon Web Services, June 2024
MERN Stack Certification: Universal Informatics Indore

Projects

Exods.ai   github/Sharmahari9589/exoads

- Developed a web application for personalized ad recommendations using the MERN stack and AI algorithms, implementing user authentication, ad targeting, and analytics dashboards while collaborating with a team on back-end development and integrating Python-based AI models.
- **Role:** Full-Stack Developer | **Responsibilities:** API development, MongoDB database design, implementation of key features, and API integration in React.js.

Apti Trading Hardware App

github/Sharmahari9589/apurvaElectric

- Developed a cross-platform mobile application using Node.js and React Native for efficient trading and hardware management, implementing real-time data synchronization features and collaborating with UX/UI designers to enhance user engagement and usability.
- **Role:** Node.js Developer |**Responsibilities:** API development, database design using SQL, and implementation of real-time features.

Telehealth

github/Sharmahari9589/Telehealth

- Designed and implemented a telehealth platform connecting patients with healthcare professionals, developed microservices for user authentication, appointment scheduling, and patient records, collaborated on integrating secure communication features to enhance patient privacy.
- **Role:** Full-Stack Developer | **Responsibilities:** Development, UI design, microservices architecture, team collaboration.

Chauffeurs   *github/Sharmahari9589/chuaffers*

- Developed a cab booking website using React for the front end and Node.js for the back end, implementing user registration, real-time ride tracking, payment processing, and integrating RESTful APIs while conducting testing and debugging for high performance.
- **Role:** Full-Stack Developer | **Responsibilities:** API development, MongoDB database design, implementation of key features, and API integration in React.js.

Soft Skills

Teamwork: Collaborate effectively with team members to achieve common goals

Problem-Solving: Strong analytical skills to identify issues and implement effective solutions.

Few Words About Myself

I am a hardworking and a sincere person fully determined to achieve my objectives. I leave no stone unturned when given a challenging opportunity. I am honest and sincere towards my work.

Interests and Hobbies:

Continuous Learning: Passionate about learning new technologies and concepts, with a focus on DevOps practices.

Physical Fitness: Committed to maintaining a healthy lifestyle through regular exercise and outdoor activities.

Declaration

I hereby declare that the information provided above is true and accurate to the best of my knowledge.
